

Bio Huma Netics, Inc. is Celebrating 40 Years By Offering 14% Off Sustainable Soil Fertility Products for 4 Months

Bio Huma Netics, Inc. (BHN), founded in 1973, is celebrating 40 years of business with a special “thank you” offer for our customers. BHN will be giving 14% discount off of customer’s normal final cost on all Sustainable Soil Fertility Products ordered for 4 months, with orders placed from September 1, 2013 to December 31, 2013. As part of the deal, we ask that our customers share the field results of these products and each order must be a minimum of at least 40 gallons or more.

The Sustainable Soil Fertility Products were the first liquid products created by BHN when it first started the liquids. Forty years later, BHN is going back to their roots and celebrating soil as the foundation. BHN’s Sustainable Soil Fertility Products are offered in the product lines for [HUMA GRO®](#) and [HUMA GRO® TURE](#), but will include BIO ENERGIZER® in the [Probiotic Solutions®](#) line.

Everyone learns and benefits from seeing the results of the Sustainable Soil Fertility Products and BIO ENERGIZER® from BHN’s distributors around the world. Sharing the results of these fantastic products is easy with multiple options:

- Take comparison pictures and/or before-and-after pictures
- Write up a field trial report of what happened with details and data
- Shoot a short video (ex. Product application, soil before and after, speak about product, etc.)

Either share the Sustainable Soil Fertility Products and BIO ENERGIZER® results by tagging BHN on Twitter (@BioHumaNetics) or Facebook (BioHumaNetics), or email Melanie, Director of Marketing at Melanie@bhn.us.

We appreciate your continued business!

Sincerely,

Lyndon W. Smith
President
